

1200mm Deep Communication Power Cabinet for Maintenance

Overview

What is IBM 42U 1200 mm deep rack?

IBM 42U 1200 mm Deep Rack offerings are designed for high availability IBM® System x® and BladeCenter® environments and are optimized to help expedite installation, simplify cable management and increase accessibility for improved serviceability.

What is a Lenovo 42U 1200 mm deep rack?

Lenovo 42U 1200 mm Deep Rack offerings are industry-standard 19-inch server cabinets that are designed for high availability server environments. They are optimized to help maximize floor space, expedite installation, simplify cable management, and increase accessibility for improved serviceability.

What is a premium serveredge cabinet?

This Premium Serveredge Cabinet is packed with features designed to simplify rack equipment installations and rack equipment maintenance with features such as top-panel cable routing ports, perforated doors to promote efficient airflow, adjustable mounting rails, vertical PDU mounting and more.

How much weight can a 42U rack cabinet handle?

This robust 42U industry-standard 19" rack cabinet is designed to affordably, safely, and securely handle shipping fully loaded configurations up to 2,100 lbs.—helping to increase your efficiency by reducing the time and cost associated with typical server deployments.
