

# 600kW Outdoor Energy Storage Unit for Agricultural Irrigation in Estonia

## Overview

---

Where is the largest battery energy storage system in Estonia?

The Biggest Battery Energy Storage System (BESS) in Estonia Estonian energy company Eesti Energia has inaugurated the nation's largest battery energy storage system (BESS) facility at the Auvere industrial complex in Ida-Viru County, the capacity is 26.5 MW/53.1 MWh system.

How will a battery energy storage park work in Estonia?

The battery energy storage park and its substation will be connected to the electricity transmission network using a 330kV AC underground cable, marking a first in Estonia. Baltic Storage Platform confirmed that the BESS will seek to ensure the stability and resilience of the Estonian electricity grid.

Who delivered the Eesti Energia project?

The project was delivered by energy solutions system integrator Diotech Group, which won Eesti Energia's international tender in 2023. It was supplied with battery technology from LG Energy Solution. Installation and connection work were carried out by Enefit Solutions.

What is Estonia's Auvere Bess project?

Estonia's Auvere BESS project is designed to participate in both the electricity exchange and other energy markets to ensure the security of electricity supply. According to Eesti Energia board member Kristjan Kuhi, the battery is able to respond very effectively to fluctuations in the power system.

## 600kW Outdoor Energy Storage Unit for Agricultural Irrigation in Estonia

### [Biggest Battery Energy Storage System Goes ...](#)

The Biggest Battery Energy Storage System (BESS) in Estonia Estonian energy company Eesti Energia has inaugurated the ...

### [8MWh BESS among 10 pilot projects given ...](#)

Estonia has provided EUR5.2 million in grants for energy storage projects, including an 8MWh battery storage unit from Eesti Energia.

### [Groundbreaking for 400MWh BESS in Estonia](#)

Baltic Storage Platform, a joint venture (JV), has broken ground on two new 200MW/400MWh battery energy storage systems (BESS) in ...

### [Eesti Energia Unveils Estonia's Largest Battery Storage ...](#)

Estonia's state-owned energy company, Eesti Energia, has officially launched the country's largest battery energy storage system at the Auvere industrial complex in Ida-Viru ...

### [Estonia inaugurates its largest battery energy storage project](#)

The flagship battery storage project commenced operations on February 1, only days before cutting ties with the Russian power grid.

### [Estonia moves forward with a ...](#)

A unique 400 MWh battery complex is taking shape in Estonia, marking one of Europe's largest energy storage projects.

### [600KW 1.26MWh ESS Battery Storage ...](#)

600KW energy battery storage container can be integrated with solar system and wind power system to be a electricity power station for commercial ...

### [Coordination of pumped-storage unit and irrigation system ...](#)

This paper presents a new coordination framework to optimize the joint operation of pumped-storage unit, irrigation system and intermittent wind power generation in an ...
