

Airport solar-powered waterproof cabinet manufacturer

Overview

ArmorLogix manufactures modular, solar-powered telecom cabinets for autonomous operation in locations where power is unavailable.

ArmorLogix manufactures modular, solar-powered telecom cabinets for autonomous operation in locations where power is unavailable.

KDM is your professional solar battery enclosure manufacturer in China. We will supply the best enclosures for your business, shipping worldwide. Protect your solar batteries with our tested, waterproof enclosures today! KDM solar battery cabinets provide you with the ultimate outdoor dust-tight.

Outdoor power cabinets, DC power systems, batteries, rectifiers, radio enclosures, and equipment racks for telecommunications equipment backup and protection, site optimization, power protection, and surge suppression. Environmentally controlled NEMA/UL rated, off-shelf or customizable, modular.

Engineered to protect critical energy components, our outdoor-rated waterproof metal cabinets offer robust protection for solar battery modules, lithium-ion systems, and emergency power storage units. Whether your project involves off-grid energy storage, telecom backup stations, or smart grid.

KDM's outdoor telecom enclosures are weatherproof, rainproof, waterproof, sun-proof, and dustproof cabinets with IP ratings of IP55 up to IP67 ratings and NEMA standards of 3R up to 6. They have adjustable rack sizes and spacing, a 3 and 4-point locking system, and solar caps to manage heat loads.

At ArmorLogix, we design, manufacture and provide platforms for deploying a wide array of solutions including surveillance, lighting, telecom, network distribution, sensitive electronic equipment, electrical, access control equipment, gate openers. Because ArmorLogix is a platform based company.

Discover AZE's durable and weatherproof Integrated Outdoor Enclosures, designed for harsh environments. Featuring corrosion-resistant materials, advanced thermal management, and customizable designs, these NEMA-rated enclosures are perfect for energy storage, telecommunications, and industrial.
