

# Airport uses Abuja smart photovoltaic energy storage cabinet 80kWh

## Overview

---

The Federal Government of Nigeria spent N8.73bn on airport power infrastructure in 2024, primarily to ensure a consistent electricity supply at the new international terminal of the Nnamdi Azikiwe International Airport, Abuja.

The Federal Government of Nigeria spent N8.73bn on airport power infrastructure in 2024, primarily to ensure a consistent electricity supply at the new international terminal of the Nnamdi Azikiwe International Airport, Abuja.

In 2024, the Federal Government spent N8.73bn on power infrastructure upgrades at the Nnamdi Azikiwe International Airport, Abuja, to ensure a consistent electricity supply at the new international terminal. This is based on data from BudgIT's transparency platform, GovSpend, on Wednesday. The.

The Federal Government of Nigeria spent N8.73bn on airport power infrastructure in 2024, primarily to ensure a consistent electricity supply at the new international terminal of the Nnamdi Azikiwe International Airport, Abuja. This expenditure was highlighted in a report by BudgIT's transparency.

The Federal Government of Nigeria has made a significant investment in airport power infrastructure, allocating N8.73 billion in 2024 to ensure a consistent electricity supply at the Nnamdi Azikiwe International Airport in Abuja. This expenditure, highlighted in a report by BudgIT's GovSpend.

The Federal Government of Nigeria allocated N8.73 billion for airport power infrastructure in 2024, primarily aimed at ensuring a stable electricity supply at the new international terminal of the Nnamdi Azikiwe International Airport in Abuja. This expenditure was revealed in a report from BudgIT's.
