Mictronix Power Systems (MPS) is an Australian manufacturer of high quality self-managed LFP batteries and battery cabinet solutions. Built for Australian conditions, quality, reliability and ingenuity are hallmarks of everything MPS design and manufacture. Mictronix Power Systems (MPS), founded by.

Saltwater Solar provides complete off-grid power system cabinets containing batteries and all enabling equipment for continuous electricity supply to remote area homes, businesses and remote communities. Features Meets all Australian Standards for Remote Area Solar Systems, including the stringent.

Off-Grid power systems provide energy to locations where there is no electricity grid or connecting to the grid is either not practical or cost effective. Off-Grid solar systems are self sufficient and function entirely free of the national electricity grid. They combine solar panels, inverters.

If you're heading off-grid, you need more than just solar panels—you need a complete energy system you can count on from day one. That's where our custom-built off-grid solar cabinets come in. Rather than loading up parts and hoping it all comes together onsite, we've refined the process. At Excel.
