

# Bengal power supply company energy storage project

## Overview

---

Why is Bengal launching a battery energy storage system in West Midnapore?

Kolkata: Bengal's power department has floated a global tender for setting up a 250 MW/1000 MWh standalone battery energy storage systems (BESS) at Goaltore in West Midnapore under a tariff-based competitive bidding model. This is aimed at optimizing generation mix and for better utilization of transmission infrastructure in the state.

Will West Bengal tender a 250 mw/1,000 MWh battery energy storage system?

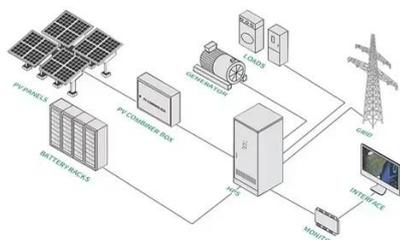

It has sought bids for the project on November 14, 2025. The West Bengal Power Department has issued a tender for a 250 MW/1,000 MWh Battery Energy Storage System (BESS) with a greenshoe option under the Build, Own, and Operate (BOO) model, seeking bids for the project on November 14, 2025.

Is West Bengal getting a battery storage space?

Earlier this year, in August, West Bengal entered the battery storage space with the launch of the region's first standalone 40 MW/80 MWh BESS by Calcutta Electric Supply Corporation (CESC).
