

Bulgarian energy storage mobile power supply manufacturer

Overview

International Power Supply (IPS) has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, Bulgaria – a site recognized by the European Commission as a Strategic Project under the Net-Zero Industry Act.

International Power Supply (IPS) has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, Bulgaria – a site recognized by the European Commission as a Strategic Project under the Net-Zero Industry Act.

Bulgarian firm International Power Supply (IPS) has commenced construction of its second battery energy storage system (BESS) production facility in Sofia, Bulgaria, which will increase its annual BESS production capacity to 4,000 MWh. This initiative aims to meet the rising demand for turnkey.

The manufacturing facility has launched with 3 GWh annual capacity, set to expand to 5 GWh by Q2 2026. International Power Supply (IPS) has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, Bulgaria – a site recognized by the European Commission as a.

International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new facility near Sofia. Its latest model has 8.2 MWh and fits into a standard container. The company plans to double the factory's annual capacity to 3 GWh already by.

The manufacturing of the fully-integrated battery energy storage system (BESS) – Exeron (X-BESS) by Bulgaria-based International Power Supply (IPS) was on Tuesday officially awarded a strategic project status under the Net-Zero Industry Act Regulation (EU), which aims to boost the production.

The innovative Bulgarian project for the production of energy storage batteries BG EXERON X-BESS has been granted strategic status under the European Commission's Net Zero Emission Technology Development Regulation (NZIA). This makes Bulgaria one of six European countries with a project listed in.

International Power Supply has inaugurated Factory X1 near Sofia, marking

Bulgaria's first BESS gigafactory with an initial 3 GWh annual capacity, rising to 5 GWh. The plant will deliver 8.2 MWh X-BESS modules using over 70% European components. International Power Supply (IPS) has officially.
