

Bulk Procurement of 10MW Telecommunications Energy Storage Cabinets for Port Terminals

Overview

Why do companies bid for energy storage tenders?

Bidding for energy storage tenders is extremely lucrative for companies of all sizes. Tendering authorities and private companies release thousands of contracts worth millions for procurement of energy storage. Global Tenders stands out as the largest platform dedicated to tenders and government contracts.

Will New York get 6GW of energy storage by 2030?

In June 2024, New York governor Kathy Hochul approved the Energy Storage Roadmap 2.0, which includes a statewide goal of deploying 6GW of energy storage on the NYISO grid by 2030. Despite this significant goal, the development of large-scale energy storage projects has been slow in the state.

What is global tenders?

Boasting over 20 years of experience in the tender business, GlobalTenders offers the most extensive and reliable Tenders/RFPs/Contracts Database available. The platform aggregates contracts from both public and private sources, connecting with a vast network of over half a million buyers.
