

Charging station user outdoor energy storage cabinet 690V

Overview

Who can use the e-bike charging station?

Each compartment has a power module with two fused sockets. In addition to business and public authorities, schools, universities, airports, restaurants, cafés, hotels and other public buildings can also be equipped with the e-bike charging station for outdoor use.

What is a battery energy storage system?

A BESS is a type of energy storage system that can be used to store excess energy from renewable sources. Battery Energy Storage Systems (BESS) are an essential part of renewable energy solutions, allowing for the storage and distribution of electricity generated from sources like solar and wind power.

What is a Lista e-bike charging station?

Configure now! Thanks to its high resistance to light and weather, the LISTA e-bike charging station is ideally suited for the central supply of e-bike and pedelec batteries for outdoor use. Each compartment has a power module with two fused sockets.
