

Discount on hybrid pv distributionized farm equipment

Overview

Apply 24/7 and get competitive rates and ag-friendly terms for new and used equipment purchased from dealers, at auctions, online, and from private parties.

Apply 24/7 and get competitive rates and ag-friendly terms for new and used equipment purchased from dealers, at auctions, online, and from private parties.

This includes no-cost, no-commitment technical assistance, equipment and facility rebates, and grants to share the costs of energy efficiency upgrades or installations. Extension staff are happy to help you navigate these options at any point in the process of improving your farm's energy.

Combined with declining equipment costs, New York State tax credits, and Inflation Reduction Act tax credits for commercial solar, going solar is a great option. On-site solar: Homes, businesses, multifamily buildings, and municipalities can get incentives to install rooftop or ground-mounted solar.
