

Doha energy storage new energy

Overview

Why should you choose qatarenergy LNG?

QatarEnergy LNG is committed to safety, environmental sustainability, flawless project delivery, and the reliability and efficiency of our production facilities, to play a key role in Qatar's efforts to become a global leader in the LNG industry. [Click here to read QatarEnergy LNG's Direction Statement.](#)

Who is qatarenergy LNG?

QatarEnergy LNG is a unique global energy operator in terms of size, service and reliability. We operate 14 liquefied natural gas (LNG) trains with a total annual production capacity of 77 million tonnes. This makes QatarEnergy LNG the largest LNG producer in the world.

How many liquefied natural gas trains does qatarenergy operate?

We operate 14 liquefied natural gas (LNG) trains with a total annual production capacity of 77 million tonnes. This makes QatarEnergy LNG the largest LNG producer in the world. Established in 1984, QatarEnergy LNG develops and produces hydrocarbons from the world's largest non-associated natural gas field.
