It creates solar panels and fully integrated solar and battery backup roof options for customers who want to switch to green energy. The company offers a price-match guarantee to help make solar more affordable for homeowners and businesses. Tesla Energy provides a virtual consultation with an.

But with this expansion, has come an increasing number of disgruntled solar customers that are posting bad reviews about solar companies online, filing complaints with agencies such as the Better Business Bureau (BBB), state consumer protection departments and Attorney Generals, and even taking.

To claim your profile register your company in SolarReviews. If you have already registered but have not activated your account. [Click here to log into your Dashboard and activate your account.](#) How was this rating calculated?

The company does not have any review for this year. A score we give a.

Companies on Trustpilot aren't allowed to offer incentives or pay to hide reviews. We provide residential and commercial solar and energy storage services. How is the TrustScore calculated?

If you're considering Tesla Solar for your home, think twice. My experience with them has been nothing short.

Global system integrator Fluence has been hit by a cross-complaint by the owner of the Diablo battery storage project in California, which is seeking a US\$230 million refund for Fluence's engineering, procurement and construction (EPC) work on it. The project was completed by Fluence for.

Consumer protections for energy systems and technologies broadly include laws, policies, and programs aimed at protecting consumers against unsafe and unfair goods, services, and business practices. State and local governments and industry groups have implemented a variety of approaches to ensure. Are corporate solar installations reliable?

Although solar is very reliable, things do go wrong. Where large corporate solar installation companies have traditionally lacked is in their after-sales service and after-sales technical support dealing with these issues.

How do I complain if my electric service is shut off?

Please do not use the online complaint form if you received a final disconnection notice from your utility stating that your electric or gas service will be shut off within 48/72 hours. Call the Department of Public Service Emergency Hotline at 800-342-3355 on weekdays from 7:30 a.m. to 7:30 p.m. for assistance. Fax your complaints to 518-472-8502.

How do I file a PSEG-LI electric complaint?

The complaint process involves three levels of investigation. Initial Complaint Process File your complaint online, by telephone, fax, letter or in person at one of the DPS offices located in Albany, Buffalo, New York City, or Long Island. The DPS Long Island office is responsible for handling PSEG-LI electric complaints.
