

First battery energy storage

First battery energy storage

[Platte River Power Authority Details Plans for its First Large-Scale](#)

Platte River Power Authority, the Colorado-based wholesale public power provider owned by Estes Park, Fort Collins, Longmont and Loveland, is working with Weld Energy ...

[Battery Energy Storage Systems in California](#)

A battery energy storage system (BESS) is a type of energy infrastructure that plays a critical role to support the function of the California electrical ...

[NineDot Energy Launches Community-scale Bronx Battery ...](#)

NineDot Energy®, a leading developer of community-scale clean energy projects backed by global investment firm Carlyle, today unveiled its first battery energy storage site in the Bronx, ...

[World's first GWh-scale vanadium flow battery goes online in China](#)

Rongke Power China has just brought the world's largest vanadium flow battery energy project online, marking a massive milestone in long-duration grid-scale energy storage.

**200kWh
Battery Cluster**

[Battery storage projects surge as utilities prepare for next grid era](#)

Government Market News , Mary Scott Nabers Insights , Battery storage projects surge as utilities prepare for next grid era in 2026 , Battery storage projects nationwide are ...

[CETY Secures \\$10 Million Battery Energy Storage Project in New York](#)

"Battery energy storage is essential for grid stability and renewable integration. Securing this project not only validates our EPC capabilities but also sets the stage for a ...

[New York launches 1 GW bulk energy storage solicitation using ...](#)

The state of New York announced its first bulk energy storage solicitation on Monday, issuing a request for proposals to procure a total of 1 GW from storage developers as ...

[New York's first state-owned energy storage project now operational](#)

It is the first utility-scale battery energy storage project in the state and the Power Authority's first utility-scale battery project. The storage plant consists of five 53-foot walk-in ...

[BESS in the Bronx? Catalyze proves it's possible under updated New York](#)

Today the company announced the launch of its first standalone Battery Energy Storage System (BESS) project in the Bronx, one of the first megawatt-scale BESS projects to ...

[Global news, analysis and opinion on energy ...](#)

In this Energy-Storage.news roundup, Hydrostor receives permitting approval for its California project, Hawaiian Electric is set to begin construction on ...

[Energy Storage Systems: Batteries](#)

Energy Storage Systems: Batteries - Explore the technology, types, and applications of batteries in storing energy for renewable sources, electric ...

[New York launches 1 GW bulk energy storage ...](#)

The state of New York announced its first bulk energy storage solicitation on Monday, issuing a request for proposals to procure a total ...

[New York's first state-owned energy storage ...](#)

It is the first utility-scale battery energy storage project in the state and the Power Authority's first utility-scale battery project. The ...

[Platte River and NextEra Energy Resources Develop Utility's First ...](#)

The battery project will be owned and operated by Weld Energy Storage. Weld Energy Storage has entered into a long-term energy storage agreement with Platte River ...

[CETY Secures \\$10 Million Battery Energy Storage Project in New ...](#)

"Battery energy storage is essential for grid stability and renewable integration. Securing this project not only validates our EPC capabilities but also sets the stage for a ...

[Peak Energy just shipped the US's first grid-scale ...](#)

Peak Energy debuts the US's first grid-scale sodium-ion battery, cutting costs and boosting reliability with passive cooling tech.

[Colorado Utility Develops First Large-Scale Battery Storage System](#)

Colorado-based wholesale public power provider Platte River Power Authority announced it is working with Weld Energy Storage, a subsidiary of NextEra Energy ...

[India's first battery energy storage system to go live in south ...](#)

India's first commercial utility-scale battery energy storage system in Delhi to provide reliable power from renewable sources.

[First Tesla Megapack BESS in New York City inaugurated](#)

The first battery energy storage system in New York City using Tesla Megapacks, a 12MWh system in the Bronx by NineDot, has been inaugurated.

[BESS in the Bronx? Catalyze proves it's possible ...](#)

Today the company announced the launch of its first standalone Battery Energy Storage System (BESS) project in the Bronx, ...

[Brighton eyes large battery energy storage facility, a first for the area](#)

The first battery energy storage facility in Rochester could be coming to Brighton. Ithaca-based Grid Connected Infrastructure, or GCI Energy, is proposing a 100 megawatt ...

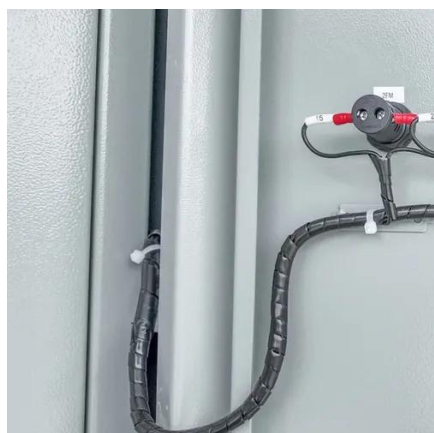

[SLO County's first battery plant will soon start ...](#)

The Caballero Battery Energy Storage project in Nipomo will store 100 megawatts of electricity. Courtesy of Fengate and Alpha Omega ...

[Battery technologies for grid-scale energy storage](#)

Energy-storage technologies are needed to support electrical grids as the penetration of renewables increases. This Review discusses the application and development ...

[As least 15 new battery energy storage systems slated for](#)

As least 15 new battery energy storage systems slated for Staten Island, data shows Published: Jan. 05, 2026, 5:50 a.m.
