

Free consultation on small-scale Nassau photovoltaic energy storage cabinets

Overview

Complete our online form and we will give you a free consultation, plus a detailed Statement of Work along with a Quote for your solar energy project. Our solar systems are custom designed to your specific needs.

Complete our online form and we will give you a free consultation, plus a detailed Statement of Work along with a Quote for your solar energy project. Our solar systems are custom designed to your specific needs.

The Small Scale Self-Generation Program (SSRG) for residential and commercial solar has opened the door for everyone to generate power for self use. When you produce your own power, your appliances will not draw power from B.P.L. and your power bill will be greatly reduced. You won't need.

We aim to deliver exceptional customer service and expert knowledge, from the initial consultation to the final installation and beyond." We focus on small-to-large utility-scale solar photovoltaic projects generating clean energy in the most sustainable way possible, where and when it's needed.

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean. We specialize in commercial systems from 50 kW to multi-megawatt utility scale systems. We are.

Solar installation for homes, businesses, islands and more. Get started with a free consultation! Is solar energy right for you?

Solar gives you the option for complete energy independence. Whether you're looking to reduce your electricity bill, get completely off-grid, or set up a battery backup.

At Solar Freedom, our goal is to provide you with the latest technology, create the best solar power system, provide professional services and affordable solar solutions to meet your energy needs. Why Go Solar?

Whether you are tired of high electricity bills or interested in a cleaner environment.

changing lives in the Caribbean nation. Through solar and storage projects, national energy buildings audits, and solar training programs, The Bahamas is showcasing how clean energy can make the country more resilient and energy independent, while slashing e uoted in a Tribune Business news report.
