

Install the battery cabinet to the cabinet

Overview

How do I connect a battery cabinet to a power system?

Procedure 1. Furnished with the battery cabinet are battery disconnect circuit breaker alarm lead assemblies. Refer to the power system installation manual to use these alarm leads to connect the battery cabinet battery disconnect circuit breaker alarm into the power system alarm circuits.

How to install a battery cabinet in the battery solution?

1. Perform the following steps on all battery cabinets in the battery solution. a. Remove the cover in front of the start-up button and push the start-up button. • The PSU2 LED and the POWER LED will turn on. • The ABNORMAL and ALARM LEDs should remain off. b. Reinstall the cover in front of the start-up button.

How to install a battery charging and storage cabinet?

Take the cabinet to the installation location. Carefully unwrap the battery charging and storage cabinet. Remove it from the wooden pallet. The cabinet will already be equipped with footing that allows it to be put in place on the flat, even surface with little to no fuss.

How do I install a storemasta Battery Cabinet?

Plug the cabinet in to the appropriate power socket. The shelving and the charging points of a Storemasta battery cabinet are adjustable to suit your needs and equipment. To ensure that the sequential door closing system works correctly, the battery cabinet must be installed on a level base.
