

# Kazakhstan almaty power plant energy storage project

## Overview

---

Who owns Almaty Power Station?

The Almaty-2 power station is owned and operated by Almaty Power Plants JSC, which is fully owned by Samruk-Energo, which in turn is owned by the National Welfare Fund of Kazakhstan Samruk-Kazyna. Almaty Power Plants also includes Almaty-1 power station and the Almaty-3 power station.

Where is Almaty 2 power station?

Almaty-2 power station (ТЭЦ-2 имени А. Жакутова, АО "АлЭС" Алматинская ТЭЦ - 2) is an operating power station of at least 510-megawatts (MW) in Almaty, Alatau, Kazakhstan with multiple units, some of which are not currently operating. The map below shows the exact location of the power station. Loading map. Unit-level coordinates (WGS 84):.

Will Almaty 2 power station be gasified by 2020?

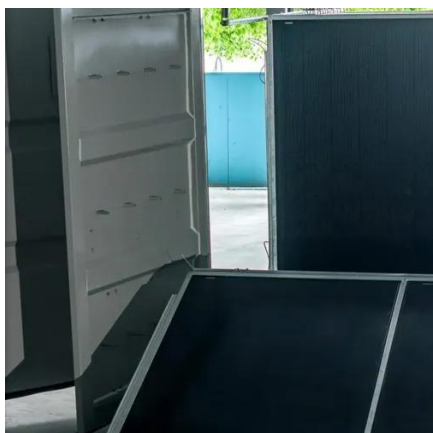

In September 2017, then President Nazarbayev instructed the Akim (Mayor) and Samruk-Kazyna SWF JSC to take measures to transfer Almaty-2 power station to gas by 2020 and to complete the gasification of the private sector. Almaty-2 power station and Almaty-3 power station burn about 3 million tons of coal per year.

What does 510 MW mean for Almaty?

The 510 MW power station has plans for additional gas-fired units of up to 600MW which will replace the existing coal-fired units by 2026. The 510 MW power station is the largest thermal power plant in the region and provides Almaty with 60% heat supply and 40% electricity.

## Kazakhstan almaty power plant energy storage project

### [Reconstruction of Almaty CHPP 3 into a combined cycle ...](#)

Goals and objectives The project will issue bonds to finance the construction of a combined cycle power plant (two SGT-2000E gas turbines + two heat recovery steam generators (HRSGs) + ...

### [Almaty-2 power station](#)

Almaty-2 power station (????-2 ????? ? . ????????, ?? "????" ????????????? ???? - 2) is an operating power station of at least 510-megawatts (MW) in Almaty, Alatau, ...

### [Kazakhstan's First Waste-to-Energy Plant to Be Built in Almaty](#)

The investment project under discussion involves the construction of a waste-to-energy plant in Almaty. The proposed investment volume is \$270 million, with a processing ...

### [Kazakhstan: Central Asia's Energy Transition Pioneer](#)

We also visited several older, Soviet-built power generation facilities, including a large thermal power plant in ...

### [56169-001: ALES Energy Transition and Modernization Project](#)

The proposed Project will gradually decommission and replace inefficient coal-based power generating units with combined cycle gas turbine (CCGT) units with an installed ...

### [Samruk-Kazyna JSC to have launched a new wind power plant ...](#)

The event gathered together Almassadam Satkaliyev, the CEO of Samruk-Kazyna JSC, Bolat Akchulakov, the Minister of Energy of the Republic of Kazakhstan, Marat Sultangaziev, the ...
