Voice and data communication cabinets and racks hold equipment for providing service in voice and data communication networks. Also known as server racks and cabinets, they allow users to secure their data and communication connections. Note: Product availability is real-time basis and adjusted.

The OD Series of enclosures, designed to meet the rigorous demands of telecommunications, aerospace, and industrial sectors. Our NEMA 3R to 4X enclosures are engineered for durability, offering reliable protection in harsh environments and extreme weather conditions. From scorching desert heat to.

ICEcube delivers industry-leading NEMA Cabinets and Racks designed to safeguard

critical rack-mount equipment and batteries. With advanced environmental barrier control and durable construction, our climate-controlled cabinets provide protection against heat, dust, water, and environmental. What are HVAC outdoor Telecom enclosures & cabinets?

AZE's HVAC outdoor telecom enclosures and cabinets are designed specifically to protect high density installations of network equipment in outdoor environments and are ideal for wireless, wireline, and utility and applications.

What is a climated controlled outdoor equipment cabinet?

Our floor or pad mount climated controlled outdoor equipment cabinets are ideally suited for Macro Cell Site and Centralized Radio Access Network (CRAN) applications. AZE has developed a line of solutions to assist these deployments with rugged and compact enclosures for today's dynamic cell site needs.

How do I choose a NEMA rated cabinet?

Cabinets with a 3, 3R, 4, 4X NEMA standard are all properly made to withstand the outdoor elements to varying degrees. The key is to select the enclosure rating that best meets your environmental needs, and then find an appropriate enclosure with that rating.

Why should you choose NEMA equipment cabinets?

Whether deployed indoors or in rugged outdoor environments, these NEMA cabinets maintain optimal operating conditions for critical components. Equipment Cabinets Single & Multi-Bay W/EZ Access™ Battery Chamber ICEqube offers three distinct mounting configurations to accommodate various applications.
