

Philippine cebu energy storage equipment manufacturer source factory

Overview

Is Aboitiz Power Building a hybrid battery energy storage system in Cebu?

MANILA, Philippines — Aboitiz Power Corp. is building a 30-megawatt hybrid battery energy storage system (BESS) project within the Mactan Economic Zone in Cebu. Slated for commissioning in the first half of 2026, the project is poised to become one of the first large-scale energy storage systems in Central Visayas.

What is sumec's energy storage project?

SUMEC Philippines General Manager Lennon Zong added: “This energy storage project is not just another venture — it is a testament to our shared commitment to advancing clean energy in the Philippines.

Will Lapu-Lapu City be redirected to underserved areas in Cebu?

With Lapu-Lapu City now assured of reliable power, he noted that energy supply from the National Grid Corporation of the Philippines (NGCP) could be redirected to underserved areas in Cebu. Cebu Governor Pamela Baricuatro, also present at the launch, lauded the project for aligning with the province’s climate and development agenda.
