Discover FM & EN certified lithium battery storage cabinets at LithiPlus. Shop top-rated solutions for secure, compliant battery storage in any setting.

Shop robust lithium-ion battery cabinets designed for maximum safety and durability. Ensure compliance with OSHA regulations and protect your workplace from potential hazards. All product made in USA.

Lithium-ion battery safety cabinets are dedicated storage areas for batteries that help protect against fires, chemical leaks, and harmful gases batteries can release when they fail. They include an integrated ventilation fan that keeps the batteries cool and automatically closes to contain fire or.

Our dedicated team is here to assist you with any questions or requests you may have. Feel free to reach out to us using the following contact information: I authorize LithiPlus to contact me via SMS and phone call at the number provided for information and updates about products and services.

Lithium-ion battery fires are happening more often. In all of these lithium-ion fires, it is not a slow burn; there's not a small amount of fire, it literally explodes, It's a tremendous volume of fire as soon as it happens, and it's very difficult to extinguish and so it's particularly dangerous.

DENIOS presents its Energy Storage Cabinet specifically crafted for Lithium-Ion batteries, ensuring secure containment and charging. These meticulously designed lithium-ion battery storage containers guarantee comprehensive safeguarding, including 90-minute fire resistance against external sources.
