

Price of 10kW charging cabinets for users at Vietnam charging stations

Overview

H À NỘI — The Ministry of Industry and Trade (MoIT) has issued a new circular regulating electricity pricing, which includes detailed provisions on retail electricity prices for electric vehicle (EV) charging stations and battery-swap cabinets.

H À NỘI — The Ministry of Industry and Trade (MoIT) has issued a new circular regulating electricity pricing, which includes detailed provisions on retail electricity prices for electric vehicle (EV) charging stations and battery-swap cabinets.

A new circular provides detailed guidance on the application of electricity tariffs, ensuring transparency, correct classification of users and proper usage purposes. A VinFast charging station in Hà Nội. — VinFast Photo H À NỘI — The Ministry of Industry and Trade (MoIT) has issued a new circular.

A notable feature of Circular No. 60/2025/TT-BCT is the introduction of specific regulations for retail electricity prices used for charging electric vehicles. Under these provisions, commercial charging stations, charging poles, and battery swapping cabinets for electric vehicles must install.

According to planning data, VinFast alone has installed 150,000 charging ports across 34 provinces and cities, covering 125 national highways with an average distance of 65 km between stations—soon to be shortened to 50 km. Based on the number of charging ports relative to land area and population.

The price of electric vehicle charging stations in Vietnam is undergoing significant changes due to government adjustments, promoting the strong development of the industry. New electricity rates for electric vehicle charging stations have been adjusted, ranging from 1,565 VND/kWh to 3,835 VND/kWh.

Let's delve into the key features, benefits, and applications of Smart Vietnam's Lithium-Ion Storage and Charging cabinets. 1. Key Features of Lithium-Ion Storage and Charging Cabinets Manufactured by Smart Vietnam Smart Vietnam's Lithium-Ion Storage and Charging cabinets embody a range of key.

Smart Vietnam, a leading sheet metal fabricator, has stepped up to the challenge by manufacturing cutting-edge Lithium-Ion Storage and Charging cabinets. With a commitment to quality and innovation, Smart Vietnam offers a range of cabinets

that are designed to meet the diverse needs of businesses.
