

Price quote for 19-inch communication cabinets for European base stations

Overview

What size comms racks & data cabinets are available?

Orion Free Standing 19" Comms Racks & Data Cabinets combine attractive styling with a durable structure offering a wide range of features at outstanding value! View our range of Data Cabinets in all sizes from 9U to 47U. Available fully assembled or flat-packed.

What size cabinet do I Need?

Lastly, you can choose which width cabinet you need - either 600mm or 800mm - depending on how much additional space you want inside the rack for cable routing and also based on where the cabinet will be stationed and whether or not there is enough space on site, through doorways etc. (many of our racks can be flat-packed if required).

Are black server cabinets available?

Black server cabinets are currently in stock. Custom orders are available for cabinets in grey. Our cabinets are designed with enclosure perforations, facilitating natural ventilation for the equipment. Should this prove inadequate, additional fans can be easily ordered from our online store. Secured to the wall via four holes on the rear edges.
