

# Riyadh cabinet energy storage system products

## Overview

---

What is Bisha energy storage project?

The Bisha Energy Storage Project has a capacity of 2GWh, featuring 488 advanced battery containers and a storage capacity of 500MW, capable of supplying power for four hours continuously.

What does SEC do with BYD & Saudi Alfanar projects?

SEC has signed contracts with BYD and Saudi Alfanar Projects to supply the relevant products for the project. This project is integrated into the National Renewable Energy Program, contributing to improved energy efficiency, enhanced grid performance, and increased reliability.

What is SEC's energy storage project?

Specifically, each location will host an energy storage system with a capacity of 500MW/2000MWh, totaling 2.5GW/10GWh. This scale makes the project one of the largest single-site grid-scale energy storage projects globally. SEC has signed contracts with BYD and Saudi Alfanar Projects to supply the relevant products for the project.
