

Solar battery cabinet lithium battery pack oem manufacturer in krakow poland

Overview

Who makes lithium ion batteries?

Enchem is a South Korean battery company specializing in lithium-ion battery production. They also manufacture electrolytes and high-purity solvents, which is an important material needed for lithium-ion batteries.

Where are the largest lithium battery factories in Europe?

In Poland, they established one of the largest lithium battery factories in Europe, located in Biskupice Podgórne. This new factory will help them expand their business and become a major battery supplier for major automotive brands in Europe. Their main products include lithium-ion batteries and energy storage systems.

Where are lithium battery electrolytes made?

They started operating in Poland by building their first Polish plant, aiming to produce 40.000 tonnes of electrolytes for lithium batteries annually. Their goal is to become one of the largest lithium battery electrolyte producers in Europe.
