Overview

Who makes Solaria solar panels?

California-based Solaria has been around since 2000 and has long been known for its innovative approach to the design process. They specialize in shingled monocrystalline solar panels, which offer enhanced curb appeal and energy harvesting capabilities. Since 2016, the PureBlack™ PowerXT panel has been Solaria's flagship product.

Who is solar electric supply?

Whether you're looking to power a home, a business, or a large-scale industrial project, Solar Electric Supply is your go-to partner for all your solar energy needs. SES provides a broad selection of solar panels, inverters, mounting systems, and energy storage solutions from industry-leading manufacturers.

Who is a commercial solar & community solar developer?

Commercial solar and community solar developer that has experience working with New York businesses and landowners to design, develop, and finance solar energy systems.

Who owns your solar energy system?

With our traditional PPA model, Core Development Group (sometimes in partnership with financiers) owns your solar energy system and sells the energy produced to you in a long-term agreement with monthly payments that are less than your current electricity bill.
