

Sri lankan power storage vehicle manufacturer

Overview

Since its inception in 2003, Kapla has emerged as a leader in Sri Lanka's EV industry, creating distinctive and eco-friendly electric vehicles, especially golf carts. Our passionate team blends advanced technology with local artisanship, delivering unparalleled performance.

Since its inception in 2003, Kapla has emerged as a leader in Sri Lanka's EV industry, creating distinctive and eco-friendly electric vehicles, especially golf carts. Our passionate team blends advanced technology with local artisanship, delivering unparalleled performance.

Their expertise in dependable power solutions is particularly relevant to the energy storage sector. Solitra Power specializes in the solar photovoltaic (PV) industry, providing comprehensive services including the design, development, and maintenance of solar PV systems. Their expertise in system.

When we first set out to build Volfpack Energy, the idea of manufacturing next-generation energy storage right here in Sri Lanka felt like a massive long shot. Our ambition was to create supercapacitors with 4x the energy capacity at half the cost of existing options a goal we knew was both simple.

Key individuals at the formalisation of the Hayleys Solar and BYD partnership (fifth from left to right): Icey Liang – Regional Sales Manager, BYD Energy Storage, Karson Xiao – Senior Director, BYD Energy Storage, Mohan Pandithage – Chairman and Chief Executive, Hayleys PLC, Hasith Prematillake –.

Since its inception in 2003, Kapla has emerged as a leader in Sri Lanka's EV industry, creating distinctive and eco-friendly electric vehicles, especially golf carts. Our passionate team blends advanced technology with local artisanship, delivering unparalleled performance and design.
