Not only registers and volumes, bundles and file folders, files and boxes, but also single documents, are housed in the various protected storage areas of the Archivio Apostolico Vaticano. Parchments are stored flat in special acid-free cardboard cases in large sliding drawers and kept in two.

Maintaining the Vatican's 23 gardens and 12 historic fountains requires: Recent data reveals a 22% increase in energy demand since 2019, pushing traditional systems to their limits. That's where smart storage solutions come into play. Imagine batteries that work like Swiss watches – precise.

Out of sight, an 800-meter secret passage was designed to allow the Pope to escape from the city. And, in order to store the Vatican's massive archives, an underground bunker was built under the courtyard of the museums. In the magnificence of emblematic rooms, behind doors traditionally closed to.
