

# Which brand of solar battery cabinet should i buy

## Overview

---

Are solar panels paired with a home battery energy storage system?

By Sam Wigness | Dec 4, 2025 In the last year, nearly two-thirds of solar.com customers paired their solar panels with a home battery energy storage system (aka BESS). Why?

.

Which solar battery should I buy?

Now in its 3rd generation, the Powerwall is the most popular home battery on the market, and with good reason! Powerwall 3 functionality, pricing, and ease of installation make it a top choice for anyone looking for a solar battery.

How do I choose a home solar battery system?

Here are our recommendations for finding a home solar battery system that fits your needs. If you live in an average house with natural gas heat and are looking for the best all-in-one solar battery alongside a new solar installation, choose the Tesla Powerwall 3. If you want the most affordable battery in our top 10, choose Canadian Solar EP Cube.

Are solar batteries better than solar panels?

Solar batteries have a shorter lifespan than solar panels, so you may have to replace your battery over the 25-year lifespan of your solar power system. Consider this when calculating the return on your solar investment and deciding on your financing options. Are solar batteries worth it?
